SUBJECT: Child and Adolescent Health Center Request for Proposals

The Michigan Department of Education and the Michigan Department of Community Health are pleased to announce the availability of \$2,440,000 in funds to support the Child and Adolescent Health Center (CAHC) Program. A request for proposals (RFP) for these funds has been released and can be found at the Coordinated School Health and Safety Programs website at www.michigan.gov/cshsp or the Child and Adolescent Health Center website at www.michigan.gov/cahc.

Funding is intended to provide primary care and support services into or close to schools with significant numbers of uninsured and underinsured children and families that have problems accessing adequate health services, giving children and adolescents access to care in a conveniently-located environment that is tailored to their unique needs. Three models are eligible for funding through this RFP:

- School Based/Linked Clinical Health Centers
- Alternative Clinical Health Centers
- Planning Grants for Clinical or Alternative Clinical Health Centers

Due date for proposals is December 17, 2008.

For further information regarding the application process, please contact Taggart Doll, CAHC Program Coordinator, at 517-335-9720 or via e-mail at dollt@michigan.gov.
